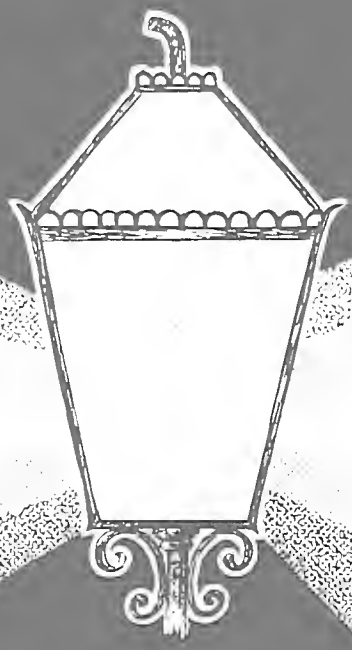
Foreword

THE light of Peace is shed across a world weary with four years of war. For the first time the Class of 1948 sees a year of Peace at Salem. Yet traces of war remain—a realization of serious responsibility lurking beneath light-hearted laughter ... girls rolling Holland cloth in the Red Cross Room ... soldiers from Greensboro touring the campus ... students doing volunteer work at the hospital.

The coming of Peace has not altered our campus life but has lightened the mood and quickened the tempo of our activ-



itires. We remember the first dance with an orchestra . . . sleepy girls in the breakfast line . . . the mad rush for eight-thirty classes . . . gatherings in the Smokehouse . . . two o'clock labs . . . black coffee at midnight during exams . . . the beauty of Christmas vespers . . . Civic Music concerts . . . Markova pirouetting with Dolin . . . May Day . . . "Standing at the Portals."

So go our days at Salem. So we present them here, highlights of 1946.

In Memoriam

ELIZABETH ORMSBY MEINUNG

Mrs. Elizabeth Ormsby Meinung was descended from a well-known Moravian family which had been closely associated with Salem College since 1802. She attended Salem College where she received her Bachelor of Science degree in 1917 and was appointed assistant professor of Home Economics at Salem after her graduation. In 1932 Mrs. Meinung earned the degree Master of Arts at Columbia University. She became head of the Home Economics Department at Salem in September, 1936. Mrs. Meinung died unexpectedly on August 29, 1945, in Poughkeepsie, New York.

Because of her sincere interest and her professional attainments, Mrs. Meinung was well-known in the field of home economics. She was a member of the North Carolina State Dietetic Association, of which she was at one time president, the North Carolina Home Economics Association, the American Dietetic Association, and the American Home Economics Association. It was through Mrs. Meinung's efforts that the Salem College Home Economics department gained national recognition.

MESSAGE FROM THE PRESIDENT

Greetings:

What is the real value of a college annual? This inquiry is made sincerely and can be made briefly. A college annual as no other book summarizes visibly the year of its publication in terms of student life. This present Salem College annual takes bravely and with vision as its theme "Light," and certainly this is a radiant and inspiring theme which will be treasured through all the years to come whenever SIGHTS AND INSIGHTS 1946 is remembered.

Light should be an in reality is the goal of all education just as Light is the sum and substance of all inner life which is clear and pervasive.

It will be perpetually refreshing to memorialize this year and this book as has been well expressed by Disraeli who said, "A college shall be a place of Light, of Liberty, and of Learning."

CONSISTENCY PAYS OFF
—to the tune of 187%

A pattern feature, added to these newspapers as an editorial "filler," shortly became a daily "must" and therein lies an interesting story of results that come from consistent plugging.

Requests for patterns in 1945 showed a 187% increase over the results for 1942 . . . when the feature was a hit-or-miss matter.

Still running daily the inquiries for this feature bid fair to show a more spectacular increase this year.

Surely an editorial feature with such amazing pulling power is sound evidence for advertisers that consistency pays off!
